Re: Report of *Ex Parte* Oral Presentations
By International Communications Network, Inc.
GN Docket No. 12-268
MB Docket No. 03-185
MB Docket No. 15-137

Dear Ms. Dortch:

This letter is to report that oral *ex parte* presentations were made on January 22, 2016, by International Communications Network, Inc. ("ICN"), to the following Commission personnel:

Jessica Almond, Legal Advisor for Media, Office of Chairman Wheeler
Holly Saurer, Acting Media Advisor, Office of Commissioner Clyburn
Matthew Berry, Chief of Staff, Office of Commissioner Pai

The presentations were made by Maxwell Agha and Michelle Diaz Agha. Mr. Agha is the controlling owner of ICN.

The purpose of the presentations was to discuss the pending application of ICN for Class A status for Station KSDY-LD, San Diego, California. During the discussions, ICN touched on some issues raised in written comments it previously filed in the above-referenced proceedings. The position of ICN on these issues is as follows:

1. Channel-sharing is not a viable and reliable option to preserve the multi-stream programming services provided by KSDY-LD, nor are trying to persuade giant corporate cable operators to distribute KSDY-LD's programming or offering an over-the-top Internet-based service workable approaches. Access to a full over-the-air television channel is necessary.
2. When low power television stations seek new channels after the impending repack of the TV broadcast band, it is critical that the Commission coordinate in bulk with the Government of Mexico and not require each LPTV operator to wait for an individual response to a coordination request.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Maxwell G. Aglia', written over the printed name and title.

Maxwell G. Aglia
President
